IEC

April 2021
CHILD SAFE PACKAGING CR BATTERIES
+ CR0000

CHILD SAFETY PACKAGING

CHILD RESISTANT PACKAGING

Accidental ingestion of coin cells is a real risk: stuck in the oesophagus, a cell of more than 2 V causes electrolysis and severe chemical burns. That is why KODAK lithium coin cells come in **child resistant packaging** with the safety warning icons recommended by IEC, telling consumers to keep them out of reach of children.

LITHIUM BUTTON CELLS · PERFORMANCE

KODAK MAX PREMIUM VS MAX

More power from the same cell. The new MAX Premium grade CR2032 delivers more capacity than MAX in the same discharge test.

Zinc batteries and flashlights · pre-filled

SUPERMARKET PROMOTION

BUY XTRALIFE 5+5, WIN A CHARMERA

A battery purchase that becomes a moment to share. Example of a campaign with a dedicated display and a social media prize draw.

HOW IT WORKS

Every customer who buys a blister of **Kodak Xtralife 5+5** scans the QR code on the display, follows the retailer's Instagram account and enters the monthly prize draw for a **Kodak Charmera**. Three draws during the Christmas campaign keep the display active and the channel growing.

01
SCAN
The QR code on the display header

02
FOLLOW
The retailer's Instagram account

03
WIN
A Kodak Charmera

THE DISPLAY

- **Header** "Win a Kodak Charmera", visible from the aisle.
- **Side panel** in Kodak yellow: visibility from any angle.
- **QR** straight to the prize draw page.
- **Base** co-branded with the retailer.

WHY IT WORKS

- Batteries are an impulse, high-frequency purchase.
- A desirable prize turns a routine purchase into an experience.
- Every participant is a new follower for the retailer.

LOGISTICS

QUARTER PALLETS FOR LARGE RETAILERS

From the warehouse to the shop floor in one move. Pre-filled quarter pallet displays for supermarkets and hypermarkets.

ADVANTAGES FOR LARGE RETAILERS

The quarter-pallet display arrives loaded, assorted and ready to sell: a single move from the warehouse to the sales floor.

01
READY TO SELL
The pallet is the display: it is placed at an aisle end or promotion area with no need to restock battery by battery.

02
LESS WORK IN STORE
A single pallet-truck move replaces dozens of boxes: less time and lower restocking cost.

03
SMALL FOOTPRINT
A quarter pallet takes up little space and allows several placements in the same point of sale.

04
BALANCED ASSORTMENT
A mix of AA and AAA packs already calculated according to the usual rotation of each format.

05
BRAND IMPACT
Kodak graphics visible from the aisle to reinforce impulse buying.

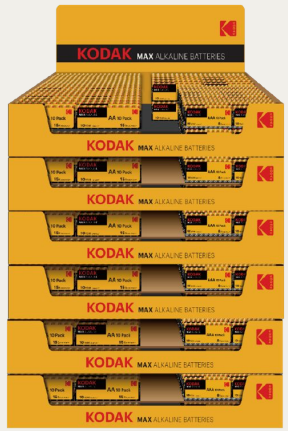

06
SIMPLIFIED LOGISTICS
One reference per pallet: faster ordering, receiving and restocking at the depot and in store.

PALLETS AND QUARTER PALLETS

We supply full pallets and quarter-pallet displays, ready to place at the point of sale.

XTRALIFE 1/4 PALLET 10 PACK
Item no. 30423954
828 x AA + 384 x AAA

MAX 1/4 PALLET 10 PACK
Item no. 30423961
828 x AA + 384 x AAA

Quantity per pallet: ask your BWT sales contact for the configuration of each reference and the delivery terms.

HOW TO READ THE CODES

BARCODE	Code of the sales unit (blister or pack). It is scanned at the checkout.
GTIN-14 INNER	Code of the inner box. It starts with 5.
GTIN-14 OUTER	Code of the outer box or carton. It starts with 6.
PALLET	Pallet label with Code 128 barcode.

EXAMPLE · ZINC AA BLISTER 4 · REF. 30951044

Barcode	0887930951042
GTIN-14 inner	50887930951047
GTIN-14 outer	60887930951044

The codes in the tables are those registered for each reference. Some older references keep a different indicator digit. "–" means that the reference does not have that packaging level.

BASE WORLD TRADING

YOUR PARTNER IN LOCAL RETAIL

We are the official Kodak representative in Spain. We work every day so that the brand reaches traditional retail, specialist distribution and large retailers with a complete range and clear terms.

PILASKODAK.ES

Product pages, references and the "Which battery to choose" guide.

OUR COMMITMENT

A HEALTHY CHANNEL FOR EVERYONE

01

SUPPORT FOR LOCAL RETAIL

Hardware stores, drugstores, appliance stores, stationers and neighbourhood shops are our priority channel: direct service from your BWT sales contact and the same range as in large retailers.

02

FAIR COMPETITION

We look after the channel and the brand image so that traditional retail competes on equal terms, without being harmed by unfair practices of large platforms.

03

A COMPLETE, UP-TO-DATE RANGE

Kodak batteries, flashlights and accessories with an updated catalogue, web pages with QR codes and clear references, codes and logistics.

04

POINT-OF-SALE MATERIAL

FSDU displays, promotional packs and campaigns to bring traffic to your store and move the product.
